

The logo for EXCEED Superior Legume Inoculant features the word "EXCEED" in a bold, italicized, sans-serif font. Below it, "Superior Legume Inoculant" is written in a smaller, sans-serif font. The text is white and set against a dark red background that includes a hexagonal pattern on the left and a curved white swoosh on the right.

*Lupine* **PEAT**

[www.visjonbiologics.com](http://www.visjonbiologics.com)

Contains: *Bradyrhizobium lupinis*

#### Product 13001

Treats: 100 pounds of seed

Net Weight: 8 oz.

Package Configuration: 54 packages per case, 48 cases per pallet.

#### Directions for Use:

- The optimum method for applying EXCEED PEAT is by using the slurry method.
- Dampen the seed with non-chlorinated, clean, cool water at a rate of 8.5 oz. of water per 50 pounds of seed.
- Add appropriate amount of inoculant (2.5-4.0 oz/50 pounds of seed) and mix water, seed, and inoculant thoroughly until seed is uniformly coated.
- Apply entire contents of bag to the amount of seed treated stated on the package.
- This method should be done in a container outside of the planter box.
- Allow 1-3 minutes for mixture to dry and then plant as soon as possible.
- EXCEED PEAT can also be applied dry directly onto the seed. Mix seed and inoculant thoroughly until seed is uniformly coated. Layering seed and inoculant will aide in this process.
- Applying the inoculant dry is also recommended for seed that is pre-treated with fungicide. However, maximum seed adhesion will not be obtained by applying this product dry.
- **FOR SOILS THAT HAVE NEVER BEEN HOST TO THE LEGUME BEING PLANTED, APPLY PRODUCT AT A 1.5-2.0X RATE.**

#### Directions for Use:

- STORE IN A COOL, DRY PLACE OUT OF DIRECT SUNLIGHT
- STORE PRODUCT BETWEEN 40 AND 77° F
- OPEN PACKAGE ONLY WHEN READY TO USE
- USE BEFORE EXPIRATION DATE
- **EXCEED PEAT CARRIES A ONE-SEASON SHELF-LIFE**

#### EXCEED PEAT IS NOT A PLANT FOOD PRODUCT

#### Precautionary Information:

While EXCEED PEAT is completely organic and non-toxic it is recommended that the applicator avoid inhalation. Visjon Biologics recommends the use of gloves and eye protection while using EXCEED PEAT.

#### Minimum Guarantee:

This inoculant guarantees a minimum of 200 million ( $2 \times 10^8$ ) viable cells of *Bradyrhizobium lupinus* per gram.
