

EXCEED
Superior Legume Inoculant

Cicer PEAT

www.visjonbiologics.com

Contains: *Bradyrhizobium sp.*

Product 15002 Cicer

Treats: 50 pounds of seed

Net Weight: 6 oz.

Package Configuration: 60 packages per case, 48 cases per pallet.

Directions for use:

- The optimum method for applying EXCEED Peat is by using the slurry method.
- Dampen the seed with non-chlorinated, clean, cool water at a rate of 8.5 oz. of water per 50 pounds of seed.
- Add appropriate amount of inoculant (2.5 oz - 4 oz./50 pounds of seed) and mix water, seed, and inoculant thoroughly until seed is uniformly coated.
- Apply entire contents of bag to the amount of seed treated stated on the package.
- This method should be done in a container outside of the planter box.
- Allow 1-3 minutes for mixture to dry and then plant as soon as possible.
- EXCEED PEAT can also be applied dry directly onto the seed. Mix seed and inoculant thoroughly until seed is uniformly coated. Layering seed and inoculant will aide in this process.
- Applying the inoculant dry is also recommended for seed that is pre-treated with fungicide. However, maximum seed adhesion will not be obtained by applying this product dry.
- **FOR SOILS THAT HAVE NEVER BEEN HOST TO CICER, APPLY PRODUCT AT A 1.5-2.0X RATE.**

Storage of EXCEED Peat:

- AVOID STORAGE IN DIRECT SUNLIGHT AND STORE PRODUCT AT TEMPERATURE UNDER 78° F.
- KEEP PRODUCT COOL AND OUT OF SUNLIGHT AND ONLY OPEN WHEN READY TO USE.
- **EXCEED PEAT FOR CICER CARRIES A ONE-SEASON SHELF LIFE AND SHOULD BE USED BEFORE EXPIRATION.**

EXCEED PEAT FOR CICER IS NOT A PLANT FOOD PRODUCT.

EXCEED PEAT FOR CICER IS A NATURALLY OCCURRING BRADYRHIZOBIUM THAT FORMS NODULES ON THE ROOTS OF THE CICER PLANT AND CONVERTS ATMOSPHERIC NITROGEN TO A FORM THAT THE PLANT CAN USE. THIS IS A NATURALLY OCCURRING SYMBIOTIC RELATIONSHIP BETWEEN THE CICER PLANT AND BRADYRHIZOBIUM THAT PROVIDES THE CICER PLANT WITH THE MAJORITY OF THE NITROGEN REQUIRED BY THE PLANT.

Precautionary Information:

While EXCEED PEAT is completely organic and non-toxic it is recommended that the applicator avoid inhalation. Visjon Biologics recommends the use of gloves and eye protection while using EXCEED PEAT.

Minimum Guarantee:

This inoculant guarantees a minimum of 200 million (2×10^8) viable cells of *Bradyrhizobium sp.* per gram.

Limited Warranty:

VISJON BIOLOGICS GUARANTEES THIS CULTURE TO PRODUCE SATISFACTORY NODULE FORMATION AND NITROGEN FIXATION UNDER FAVORABLE CONDITIONS OF SOIL AND CLIMATE WHEN USED BEFORE EXPIRATION DATE AND APPLIED UNDER THE MANUFACTURER'S SPECIFICATIONS, OR PURCHASE PRICE WILL BE REFUNDED. A VISJON BIOLOGICS REPRESENTATIVE MUST BE NOTIFIED OF ANY FIELD COMPLAINT WITHIN FIFTY (50) DAYS AFTER PLANTING. MANY FACTORS OTHER THAN NODULATION AFFECT CROP PERFORMANCE. VISJON BIOLOGICS ASSUMES NO RESPONSIBILITY FOR LOSS OR PARTIAL LOSS OF CROP FROM ANY CAUSE WHATSOEVER. THIS LIMITED WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED. THE LIMITED WARRANTY IS VOID WHERE PROHIBITED BY LAW. IF YOU HAVE ANY QUESTIONS ABOUT THIS PRODUCT OR ANY OTHER VISJON BIOLOGICS PRODUCT, CALL 940-264-0343 FOR ASSISTANCE.
